

Victoria Garcia

FRONTEND DEVELOPER

361.738.8269 | victoria.garcia.workspace@gmail.com | victoriagarcia.netlify.app | Corpus Christi, TX

PROFILE

Self-taught frontend developer with a decade of industry experience and a brain wired for puzzles. I build things, ship them, and obsess over the details. When I'm not coding I'm growing something, fixing something else, or practicing Japanese.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), React.JS, HTML5, CSS3, Bootstrap, Python

Tools: Git, GitHub, VS Code, Netlify, Supabase, Figma, npm

Concepts: REST APIs, Responsive Web Development, API Integration, OOP, Data Structures, SEO, Data Visualization, File Manipulation

PROJECTS

Stromata — Weather Application

- Built a real-time weather app using React functional components, useState, and useEffect
- Integrated REST APIs to fetch live weather data and manage asynchronous state updates
- Implemented dynamic UI rendering based on changing weather conditions
- Designed responsive layouts for consistent experience across devices

epi.tome — Dictionary Application

- Developed a searchable dictionary with phonetics and audio playback
- Integrated third-party APIs for definitions and pronunciation
- Designed filtering system for improved user experience

The Mezcal Archive — Editorial Web Project

- Designed and developed a content-rich site focused on mezcal culture
- Built responsive layouts with strong visual storytelling
- Balanced performance with media-heavy design
